

At Scorpions, we are committed to provide our clients around the world with reliable, flexible shipping solutions based on expertise gained from over 7 years of experience. We cultivate long-term partnerships with our customers and vendors to deliver a range of services to meet specific customer needs. We work with all the leading carriers worldwide and utilize the most modern and reliable methods to ensure a quality and secure service.

Freight Logistics

We provide a wide range of Sea and Air freight services and technical assistance to guarantee a successful good's delivery. We leverage volumes smartly and coordinate with professional agents to arrange safe loading and unloading of the merchandise. Our valuable relationship with our shipping lines enables our customers to benefit always from special commodities at competitive prices.

Our company providing door-to-door shipping service, reducing the burden of customs clearance and additional expenses.

Custom Clearance and Trucking

Scorpions has a professional team of clearing agents who is always on site to facilitate the clearing of the imported and exported goods. Well connected, they are strongly informed and very familiar with the Lebanese customs procedures and duties, which simplify the movement of the shipment through customs barriers, and we provide a reliable and insured transport service by trucks and pickups.

Warehousing / Loading Services

Through our warehouse partners, Scorpions offers warehousing, short-term storage, and container loading services. We can provide the labor and equipment to load and secure any commodity including vehicles, cars, trucks, boats, motorcycles, palletized goods, household goods, or other loose articles.

Household, car, and Pets shipment

Our safety records for cargo shipment delivery have exceeded all industry standards. Thus, whether you are moving full households, individual furniture, antiques, car and pet, you will comfortably knowing that Scorpions will take care of all aspects of your relocation needs.

Our structured moving process and attention to detail gives our clients a reassurance that their belongings will be treated with the utmost care and arrive at their destination in the same condition we received them in. Our relocation moving include warehousing and insurance services.
